

The Examiner has also requested that Applicant elect a distinct species of UCP inhibitor and a target cell type. In response to this request for election of species, Applicant elects a UCP inhibitor that is a lysosomal UCP binding molecule and a cell which is a neutrophil.

REMARKS

In response to the Restriction Requirement, Applicant has elected to prosecute Group VII. Having made this election, Applicant expressly reserves the right to file one or more divisional applications on the subject matter of the nonelected claims.

Applicant acknowledges that upon allowance of a generic claim, Applicant will be entitled to consideration of the claims to additional species which are written in dependent form or otherwise include all of the limitations of an allowed generic claim as provided by 37 C.F.R. §1.141.

Respectfully submitted,
